

Technology That Puts Families First

OneTribe CCA empowers your Tribal CCDF Team with better member management, eligibility tracking, and payment processing.

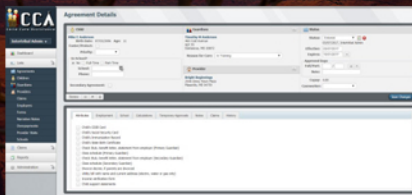

OneTribe Child Care Assistance automates the process of maintaining your Federal Tribal Child Care Assistance Program. It's integrated document imaging management eliminates stacks of paper and makes retrieving income verification, work and school schedules a snap.

- Family Relationship Management
- Child Participant Eligibility Tracking
- Recertification Management
- ACF 700 Reporting and Management
- User Security and Role Management
- And More!

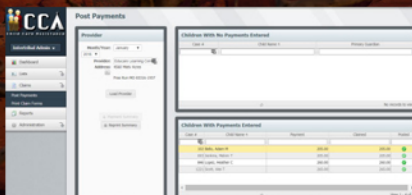

CHILD PARTICIPANT ELIGIBILITY

Keep track of all families and children that are active and inactive in the program.

DOCUMENT IMAGING

Scan and retrieve all eligibility documents into an integrated documents imaging system. Easily check on historical data, CDIB, birth certificate and family documents.

CO-PAY AND CHILD CARE PAYMENT MANAGEMENT

Calculate and manage the participants co-pay and eligibility based on family status and income level.

DAY CARE PROVIDER MANAGEMENT

Qualify and rate the type of Child Care Provider for various co-pay calculations. Report on recertification requirements for all providers.

GENERATES ACF 700 YEAR END REPORTING

Simplifies the process of generating the ACF 700 Report with a few clicks of a mouse.
