Child Care Assistance Manager

Manages Federal Tribal Child Care Assistance Program

Child Care Assistance Manager automates the process of maintaining your Federal Tribal Child Care Assistance Program. The CCA™ Software creates an integrated multi-user tracking system for all areas of managing CCA™. This software has years of proven success with one of the nation's largest CCA™ programs. It's integrated document imaging management eliminates stacks of paper and makes retrieval a snap.

Features:

- **Child Participant Eligibility** - Keep database of all families and children that are active or inactive in the program.
- **Day Care Provider Registration** - Qualify and rate the type of child care provision for various co-pay calculations. Report on recertification requirements for all providers.
- **Co-Pay and Child Care Payment Management** - Calculate and manage the participants' co-pay and eligibility based on family status and income level.
- **Laserfiche®** - Integrated document imaging for storing all applications, eligibility requirements and general information. Easily retrieve historical data, CDIB, birth certificates and family documents.
- **Fiscal Year End Statistical Reporting for Federal Funding Requirements** - File end of year participant statistic reports effortlessly.
